

# BMW Recalls.

BMW Group Australia takes all safety recalls very seriously. Our customer's safety in our products continues to be of paramount importance and it remains our objective to have all vehicles subject to any recall rectified as soon as possible.

You can check if your vehicle has any outstanding safety recalls or technical campaigns by entering your unique Vehicle Identification Number (VIN) or registration (Number Plate) details into the Recall Status Tool below.

If your vehicle is affected, please contact your preferred authorised BMW motor vehicle service centre or contact us via the BMW Australia Recall Hotline on 1800 243 675.
