**SERVICE REQUEST:**

**Fault Diagnosis:**

M3BE Drv Unt & Comp's bat elec, 300 Drive Unit Assy., Damage, Impact.

**Repair Notes:**

Arrived on site, located unit and brought to work area. Upon removing drive motor found a chunk of the gearbox had broken off, talked to Nick and Hayley, received verbal approval to replace gearbox. Travelled to workshop and removed motor from new gearbox. Returned to site and fitted new drive tyre and old motor to gearbox, then fitted to unit. Replace had grips, load wheels and caster wheels as quoted.
