- 1 x baking tray
- 1 x grill rack insert
- Catalytic liners – rear and sides
- 2 x partially extendable telescopic runners
- Kick plate

Warranty

BLANCOCare™ 2 years parts & labour.

Features

Benefits

Induction Cooktop with Boosters on all Zones

5 large zones each fitted with a booster that can go as high as 3000W.

Triple Glazed Thermo-reflective Door

The triple layered door with thermo-reflective glass offers not only a cooler to touch surface but also increases the energy efficiency as the heat is retained within the oven.

Single Weld Cavity

A single welded cavity and full door ensures that all heat generated stays within the oven and has no opportunity to escape. This results in less heat being used resulting in 'A' grade energy efficiency.

Catalytic Self-cleaning Liners

On the rear and sides of the oven, these self-cleaning liners means less time spent cleaning your oven. Catalytic liners absorb grease and dirt from everyday cooking, and then burn it off at up to about 230°C.

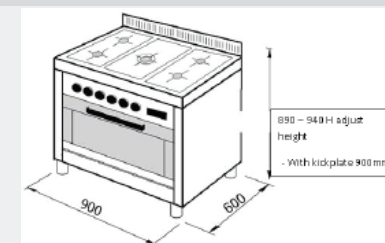

Fully Programmable Timer

The fully programmable touch control operation enables you to set the start and finish time of your cooking where the oven will automatically switch off when finished.

Telescopic Runners

When using the telescopic runners shelves can be pulled out to aid loading and unloading of the oven.

Specifications

Method of installation:	Freestanding
Dimensions:	890-940H (adjustable) x 900W x 600Dmm
Dimensions with kickplate:	900mm H fixed (960 mm including splashback)
Bench Height:	890mm (minimum)
Power requirements:	220 - 240 V, 50HZ, 10900W, 49.5 Amps - cable supplied - hard wiring required
Oven levels:	4 levels
Oven Functions 11:	Pre-Heating, Traditional, Bottom Element Only, Top Element Only, Full Grill, Fan Grill, Fan Assist, Fan Forced, Bottom Element with Fan, Defrost, Light
Oven light:	2
Cooktop type:	Induction cooktop

Oven Elements:

Grill Heating Element:	1500 W
Circular Heating Element:	2400 W
Upper heating elements:	1200 W
Lower heating elements:	1600 W

Cooktop Zones:

Center zone (250mm):	2300 W (Boost 3000 W)
Left front zone (160mm):	1100 W (Boost 1400 W)
Right front zone (160mm):	1100 W (Boost 1400 W)
Left rear zone (200mm):	1400 W (Boost 2000 W)
Right rear zone (200mm):	1400 W (Boost 2000 W)

NOTE: It is advisable to check dimensions of physical product when measuring for installation and before doing any cut outs.
